CUSTOM CASEWORK · REQUEST FOR QUOTATION

LC-60 laptop storage cabinet

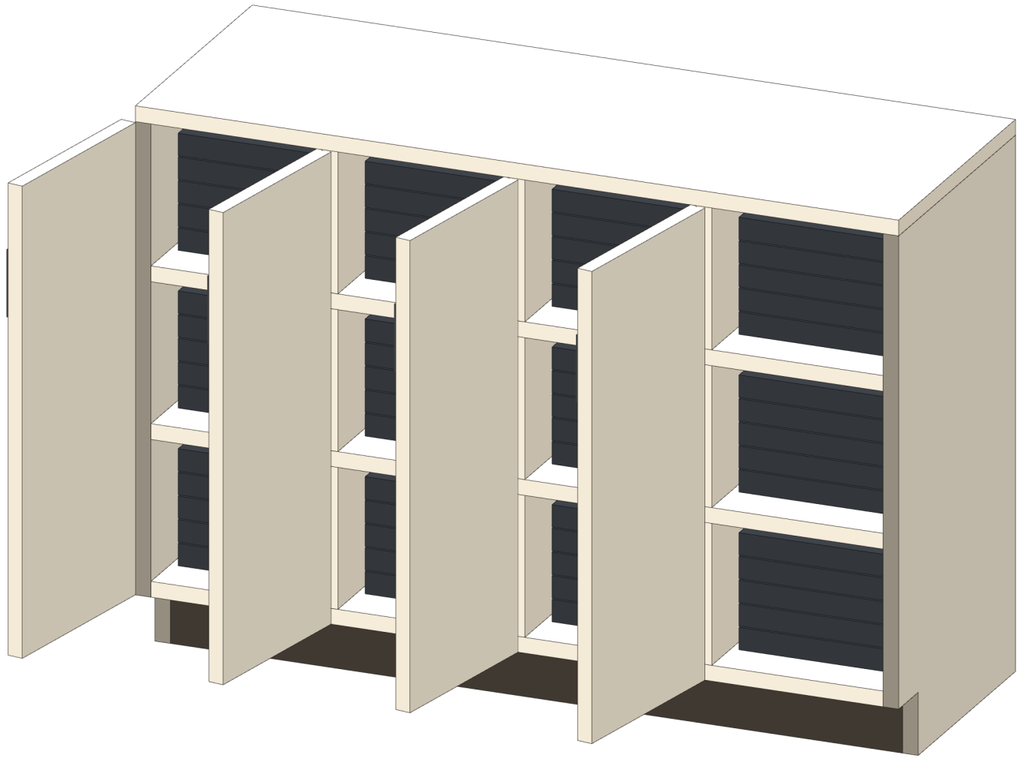

Sixty laptops in twelve bays of five behind four lockable doors. 49" wide, 19" deep with doors, 35" tall. 1" panels throughout, 4" toe-kick base.

DESIGN BASIS

Laptop footprint	10" x 14", 1-1/2" thick
Stack limit	5 laptops = 7-1/2" tall
Capacity	60 laptops = 12 stacks (required 60)
Layout	4 columns x 3 tiers = 12 bays
Clear bay	11" W x 9" H x 17-1/2" D
Clearance per stack	1/2" each side, 1-1/2" above, 3" in front, 1/2" behind
Overall size	49" W x 19" D x 35" H (18" carcass + 1" doors)
Doors	4, one per column, hinged left, cam locks keyed alike
Panels	1" sides, top, deck, shelves, dividers, doors. 1/2" back
Base	4" toe kick, recessed 3"; first bay floor at 5"
Weight (approx.)	233 lb empty, 533 lb loaded at 5 lb per laptop

GENERAL NOTES

1. All dimensions are finished sizes in inches. Overall height is floor to top of top, glides at minimum.
2. Board: 1" industrial particleboard, 45 lb density minimum, thermally fused laminate both faces. Back: 1/2" MDF, TFM both faces. Color by owner, to be confirmed.
3. Edgeband: 3 mm PVC on every exposed edge, color-matched. See cut list A-401.
4. Joinery: 8 mm dowels plus confirmat screws, factory assembled. Knock-down cam fittings acceptable if stated in the quote.
5. Shelves are fixed and carried by dividers every 12". Minimum 50 lb per bay.
6. Laptops sit 1/2" from the back panel, leaving 3" in front of each stack behind the door.
7. Glides add about 3/8". If 35" is a hard maximum, cut toe kick, rear rail and notch to 3-5/8".
8. Anchor to the wall with the anti-tip kit (H06). Loaded weight is about 533 lb.
9. Confirm laptop size against an owner sample before cutting.

JOINERY AND MACHINING

- Dividers: two 8 mm dowels each end into shelf or deck, glued. Align in one vertical line per column.
- Top, deck, shelves, toe kick and rear rail to sides: dowels plus 7 x 50 mm confirmat screws, 3 per joint (2 at kick and rail). Cap exposed heads.
- Back panel: screwed into rabbets and along the centerlines shown, #6 x 5/8" at 6" o.c.
- Toe kick and rear rail are not edgebanded. Toe kick face in black or dark laminate if available.
- Glides: threaded inserts in side bottom edges at the locations on A-301.
- Tolerances: parts +/- 1/32". Assembled carcass square within 1/16" on diagonals.

QUOTATION

Alternates and quote request

10 **Door swing plan**

DOORS OPEN 90°, SCALE 1:8

ALTERNATES · PRICE EACH SEPARATELY, PER CABINET

ALT-1 **Ventilation**
One 2" dia. grommet with cap through the back panel at each bay (12), or routed vent slots per bay. Not needed while laptops are stored cold; useful if they go in warm.

ALT-2 **Charging**
Not in scope: the client has not asked for charging. If needed later, quote a UL-listed charging solution separately (power strips inside casework are not code-compliant).

ALT-3 **Mobile base**
Replace toe kick and rear rail with a 1" sub-base on 4 x 3" locking casters, keeping 35" overall height.

ALT-4 **Bay labels**
Engraved or printed ID plates A1 to D3 on shelf fronts (12), plus A to D on door fronts (4).

ALT-5 **Master-keyed locks**
Locks keyed differently per door with one master key, instead of keyed alike.

PLEASE QUOTE

1. Unit price for the base cabinet as drawn, including the 4 lockable doors and door hardware, at quantities of 1, 2 and 5.
2. Each alternate (ALT-1 to ALT-5) as a separate add per cabinet.
3. Freight to 1790 W 8th Ave, Hialeah, FL 33010, and whether it ships assembled or knock-down.
4. Lead time from shop-drawing approval.
5. Standard laminate colors available at no upcharge, and edgeband match.
6. Warranty terms.
7. Any change you recommend for cost or strength (for example 3/4" dividers). Price it as a voluntary alternate; do not substitute in the base price.

OPEN ITEMS · OWNER TO CONFIRM BEFORE RELEASE

- Exact laptop model and size, with or without a protective case.
- Charging inside the cabinet is assumed not required. Confirm.
- Door pull and lock finish (brushed nickel or black).
- Is 35" a hard maximum (under a window or counter)? Glides add about 3/8".
- Wall-mounted location, or freestanding with a finished back?
- Laminate color and number of cabinets.
